Rock of the Month - Jim Johnson - Spruce Ridge

Jim had the unique opportunity to visit Spruce Ridge in 2022. Located on the Middle fork of Snoqualmie just east of North Bend. Stunning Quartz and Pyrite clusters are what make Spruce so popular. Breccia Deposit is bounded by a fault. Sometimes there is Barite on the clusters. There is so much, too much to talk about here. Thank you Jim for your amazing presentation and time!

Show and Tell - limit 2-3 rocks, limit time

1. Anna - An interesting piece of Quartz from Picket Point.
2. Presley - Has a possible Thunder agate.
3. Debbie - Super-iron Out to remove the rust.
4. Don W. - Just a rock... no, its Septerian. From Utah.
5. Ashley - Tiger Iron.
6. Ali - Petrified Wood. Zimbabwean.

Board meetings are here at **7:00 PM** on the **first Thursday** of each month; all are welcome.
